

After having the previous weekend off, Cole and the #18 team arrived back at Flamboro Speedway on Saturday June 25, 2022 for Meet the Drivers Night. Race day began with two practice sessions in the early part of the day though the #18 missed the majority of the first practice due to electrical issues. The second session saw Cole get out on track for the entire session where he felt pretty good about the handling.

Cole lined up 8th in the first of two 25-lap features and though he was able to move up into 6th early on he struggled to move up any farther only getting up to the 5th position. By lap 5 Cole had dropped back into 6th after struggling with the #18 which seemed to be hitting the racetrack. On lap 13 Cole lost control of the car coming out of turn 2 coming to rest in the infield. A combination of issues led to his spin including fluid that had been laid down on the track earlier. He was unable to get the car, ending his feature early and being scored in 9th with a DNF.

In between features the #18 team made some adjustments to try and get the car up off the racetrack while also trying to fix the electrical issues to ensure that there would be no more problems. Cole lined up in 5th and stayed in 5th early on and settled in line as a group of cars battled for the 2nd position. While the leader pulled away from the pack, Cole continued to do everything he could to try to hang on to the back of the pack and started to fall back slowly. On lap 15 a battle for 3rd broke out ahead of him allowing Cole to take advantage and move up into 4th. The rest of the feature saw Cole struggling to find speed in the #18 which resulted in him coming close to overstepping the limit on a few occasions. Unfortunately, 4th is as high as Cole could get as the night ended with a 4th place finish.

Billy and the #86 team head west down Highway 401 to Delaware Speedway on Saturday July 2nd to celebrate the Canada Day weekend with the APC United Late Model Series and the Spectra Premium 100. The front gates open at 2:00PM with racing getting underway at 5:00PM. Cole and the #18 team have the weekend off but they will be back in action at Flamboro on Saturday July 9th.
